Metric  
Collection

## Meet your solution.

Every office needs storage with great quality and optimum functionality.

A complete line that's easy to specify, easy to integrate, and cost effective. It must meet your requirements in every way. Welcome to the Allsteel Metric Collection.

## So much storage.

Drawers and shelves full of convenience, capacity, and durability that go above and beyond the usual call of duty. The Metric Collection covers your most critical storage needs with the most practical features and options. Expand your existing capacity, add a new or convenient storage type, or develop your own unique storage system.

## So many options.

Lateral files with drawers or receding doors, cupboards, bookcases, multi-units, and stacking modules are designed to meet just about every need, cover any capacity, and complement any interior. They integrate seamlessly into existing workspaces and establish their own tasteful presence. They even feel at home in common areas for shared storage.

### 1. Cupboard.

Perfect solution for concealed storage, creating a secure and refined workspace.

### 2. Half-drawer modules.

Stack onto a lateral file for a customized media storage solution. Or, use freestanding to store small office essentials.

### 3. Receding door unit.

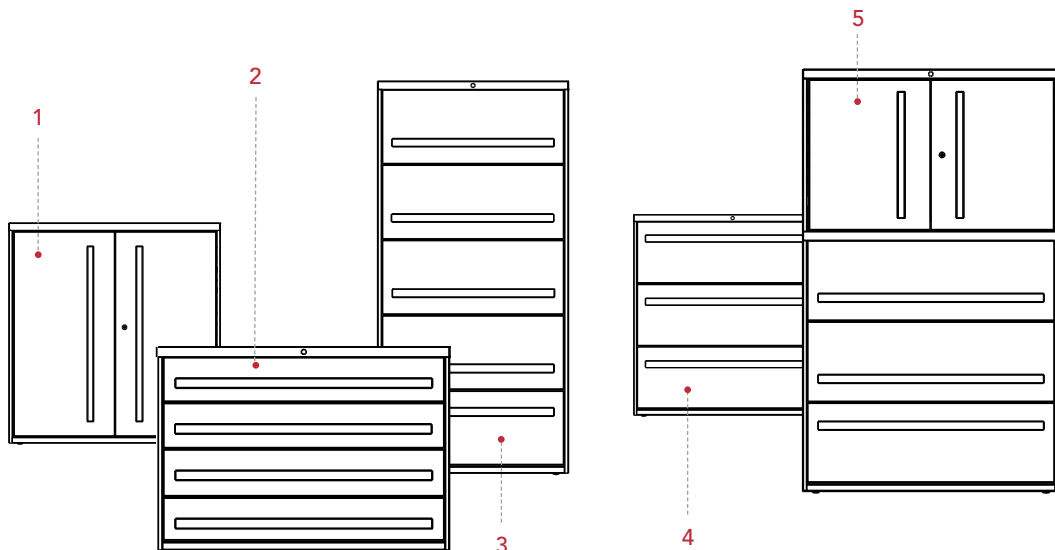

Available in two widths and six heights, provides a combination of filing and utility storage. Add an optional roll-out shelf so nothing is left in the dark.

### 4. Lateral file.

Just right for shared storage or as a hanging file organizer in the workstation. Works with system furniture or by itself.

### 5. Multi-unit.

Options are built-in combining discrete storage above with shared filing below.

Models: **XLFD410, XLFDH410**

## Team players.

The Allsteel Metric Collection components complement your Allsteel systems setup or just about any existing panel system. The easy, versatile design of the Allsteel Metric Collection never goes out of style.

## Integrate and be modular.

Matching depths in many configurations provides an integrated aesthetic with a multitude of storage options. Harmonize with storage that works the way you do.

Cupboards provide concealed vertical clearance for tall items, shelf storage for office supplies, and hanging files, all in one carcass.

Laterals keep pace with filing needs and recessed doors provide space for utility. Bookcases offer optimal storage for binders. And for that special need, customize with stackable modules. With all components available in 800 and 1000mm widths, mix and match to meet your requirements.

Pages 6-7:

Paint: **Platinum Mica**

Models: (right to left) **XLFD510, XLFS508, XCF5510H, XSC510, XBC510**

### 1. Lateral Collateral.

Options for any need and every type of space. Choose the right height and width, and whether to go lateral in the workstation or out.

### 2. Flip out.

Receding doors on these laterals provide space to store more. Available from 1- to 6-high.

### 3. Share the space.

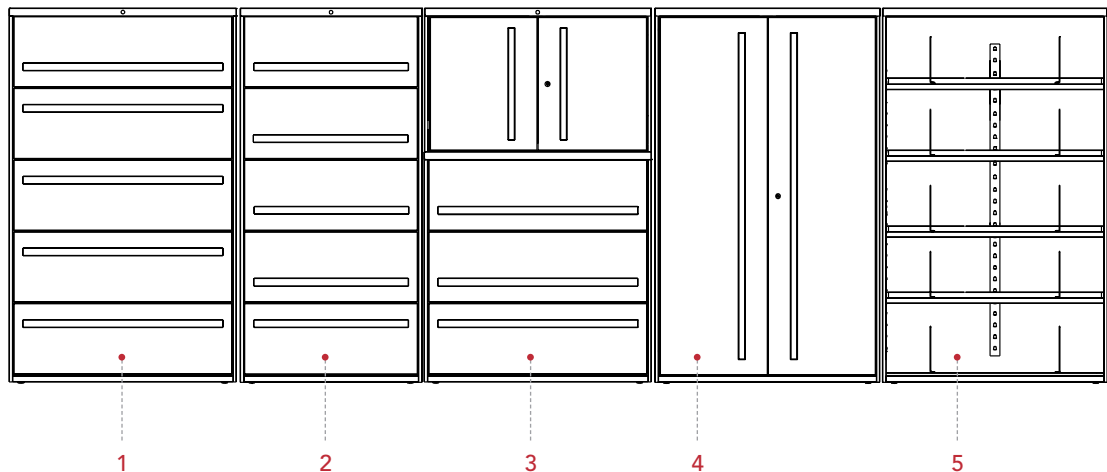

Effective for use outside the workstation as shared storage, multi-units are available in 5- and 6-high. Hinged doors for storage, combined with receding doors and lateral file drawers, allow for secure multiple access with separate locks. An adjustable shelf can be positioned to make the space fit the need.

### 4. Store more vertically.

Discrete storage for shared spaces. Adjustable shelves allow for a tailored storage solution. Available in six heights and completely modular with the rest of the range.

### 5. Books and binders.

Bookcases with adjustable shelves on 50mm increments provide storage for all to access. Available in six heights. Accessorize with folder bars for suspended filing.

Side-to-side suspension filing for Foolscap or A4.

Hanging frames are included in each drawer.

Front-to-back suspension filing for Foolscap and A4.

Lateral file drawers function for storage too!

Accessorize with folder bars under the adjustable shelves on multi-units, cupboards, and bookcases for Foolscap and A4 hanging folders.

Optimize your storage and filing needs with stacking components.

Shown: 1-High module with 16" drawers for binder storage stacked above a lateral file.

Get organized. Combine magnetic space dividers with plate dividers for a partitioned drawer.

A place for everything and everything in its place. Half drawers neatly house CDs and other small office supplies with room to spare.

Integral pull style is clean, simple, and effective.

Extra heavy-duty ball-bearing suspension is quiet and smooth, regardless of the weight of its contents.

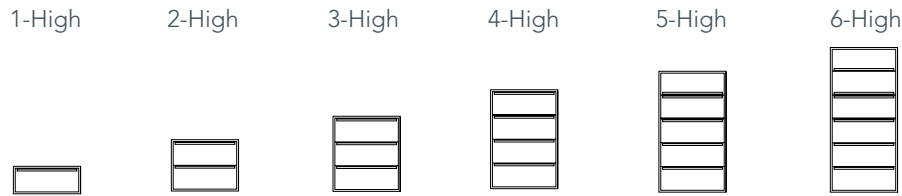

Clean and crisp corners indicate quality workmanship.
